Measure and Compare Lengths
I can measure and compare lengths.

- Observe objects around your classroom.
- Measure them or write the name of your object.
- Measure your object in centimetres or cubes.
- Compare your object with other objects using comparing words like longer and shorter.

Object	Measurement	Compare: How is it longer/shorter?	Compare: What is it longer/shorter than?
EXAMPLE: A ruler	10 cm	It is longer than the pencil.	It is shorter than the book.
